

# CANAAN SMITH

## February 2017

Mercury Nashville's Canaan Smith's debut album, *Bronco*, which includes the RIAA Platinum-Certified # 1 Hit "Love You Like That" debuted in the Top 5 on Billboard's Country Albums Chart. The breakout smash "Love You Like That" is also one of the top streaming tracks from all new artists in country music, besting many songs from the genre's superstars. *Bronco* features 10 additional tracks, including the party anthem and fan favorite, "Hole In A Bottle". The rest of the stellar collection showcases Smith's songwriting and vocal prowess, which has led to numerous mentions on "ones to watch" lists. After his own headlining tour of the US in the fall of 2016, Canaan embarked on an extensive sold-out tour of the U.K. with London based breakout country duo *The Shires*. While there, his album skyrocketed to #3 on the U.K. Charts. Thanks to overwhelming demand, Smith will return to the UK in March 2017 for the C2C Festival followed by his own headlining tour. Canaan's reputation as a road warrior and one of the top live performers in country music has not happened by accident, along with his headlining dates, he has been burning up the highways in recent years with the likes of Dierks Bentley, Brantley Gilbert and Kip Moore playing well over 400 shows for more than a million fans.
